Doctors:

MRS. DONNA BISHOP
JOHN BISHOP'S WIFE
TRIPLE S CHRISTIAN RANCH
ROSEBUD, AR

Donna and her husband, John, founded Triple S Ranch in 1975. Their goal was to provide a summer camp to help children and teens grow closer to God. After being married for 24 years, Donna became a nurse to her husband when he was diagnosed with aseptic meningitis in 1995. Come and be blessed as she shares tragedy, God's grace, miracles, and blessings as they continue to serve Him.

MRS. MARY JOHNSTON
MISSIONARY TO HAITI
WRIGHT CITY, MO

Mary and her husband, Bob, began serving on the mission field of Haiti on April 23, 1990. God blessed them with two daughters and one son. Mary has endured many trials both on and off the mission field. Recently, she has not only suffered the loss of her husband and son but is also currently battling leukemia! Prepare to be encouraged by a woman who has endured trials, testing, and hardships that would halt most women!

Therapists

Daugherty Sisters Team

Para Anna Beth Sharon
Pascagoula, Mississippi
Music ministry to churches,
ladies conferences, mission trips,
and other functions as well as
a mission team that travels to
Mexico each summer.
You may purchase their CDs.

Candy Strippers Skits

Liz and Patty have come to the conference in hope of joining the staff as Candy Strippers. Cathy, director of Human Services, questions their sincerity as their focus is misplaced. Come and see their antics regarding their uniform, duties, and training sessions. Will they conform or will their deaf ears and mental deficiencies be accurately diagnosed and cured? Perhaps even Doctors Bishop and Johnston will expose the disease and prescribe the remedy needed for healing.

ER Game Show: Is the Price Well or Sick?

Make your doctor's appointment in order to be chosen as a contestant on this exciting game show. The excitement will elevate your blood pressure, but paramedics will be on hand for any acute attitudes which may develop due to amnesia!
